

Shivam Gupta

Noida, Uttar Pradesh | shivam0510.gupta@gmail.com | 8448804008 | LinkedIn | GitHub | LeetCode

Professional Summary

Backend Software Engineer with 1+ year of experience building backend systems using Java and Spring Boot. Currently working on GeM 2.0, developing REST APIs and microservices with a focus on performance, reliability, testing, and clean code.

Experience

Backend Software Engineer, Tata Consultancy Services – Noida, Uttar Pradesh December 2024 – Present

- Built backend **REST APIs** using **Java**, **Spring Boot**, and **PostgreSQL** for core application features used by **internal and external users**.
- Worked on **microservices-based applications** using **Spring Cloud** and supported **independent service deployments** across multiple backend services.
- Used **Redis caching** and **Apache Kafka** to improve **application performance** and handle **background processing** in data-intensive workflows.
- Managed **application configuration** using **AWS AppConfig** and stored files using **AWS S3** for document and media handling.
- Wrote **unit and integration tests** using **JUnit** and **Mockito** to ensure **code quality** and reliable **API behavior**.
- Fixed **security vulnerabilities** and **code quality issues** identified by **Fortify** and **SonarQube**, ensuring compliance with **security standards** before **production releases**.
- Collaborated with **product managers**, **QA**, and **developers** in an **Agile/Scrum environment** during **sprint planning**, **code reviews**, and feature discussions.

Projects

Bank Matrix Bank Matrix – GitHub Repo

- Built a **banking application** using a **microservices-based architecture** consisting of **4 independent services**.
- Implemented **service discovery** using **Netflix Eureka** and handled request routing through an **API Gateway**.
- Secured backend APIs using **JWT-based authentication** and **role-based access control (RBAC)**.
- Developed a responsive frontend using **React** and **TypeScript** to enhance overall **user experience**.

Certifications

- **AWS Certified Solutions Architect – Associate** (Credential)

Technical Skills

Languages: Core Java, SQL

Backend: Spring Boot, Spring MVC, Hibernate, Spring Cloud, REST APIs, Microservices, JWT, Kafka, Redis

Databases: PostgreSQL, MySQL, MongoDB

Fundamentals: Data Structures & Algorithms, OOP, Distributed Systems, RDBMS, CI/CD, SDLC, Multithreading

Tools: Git, GitHub, GitLab, Jenkins, Docker, Kubernetes, Postman, SonarQube, AWS (S3, AppConfig, EC2)

Education

Chandigarh University, B.E. in Computer Science and Engineering August 2020 – July 2024

- CGPA: 7.81 / 10.0

D.A.V. Public School, Intermediate

April 2019 – July 2020

- Percentage: 92.6%
